- Halfway down this webpage, you will see four pink tabs, select the 'New user? Create user account'

GP Education Events

The GP Liaison unit at Epworth has launched its new eLearning management system so that GPs can easily track the continuing professional development hosted by Epworth.

To participate in our accredited education program, GPs must create an individual user account on this system. By having a user account, GPs will be able to log in and track what Epworth education has been completed, download attendance certificates, view upcoming education opportunities and register for face-to-face and online education sessions.

Please note that registration is essential for all events.

[Create your account](#)

- Complete the details in the fields provided
- By entering your QI&CPD (RACGP) number, this will enable the system to match your number when we upload attendances on the RACGP website post event so that you will get the allocated CPD points
- After you click on Create your Account, a box will then appear asking you to set your password
- You will then be brought to a Login screen

The screenshot shows a dark grey login form with the title "Login" in white. It contains two input fields: "Username" and "Password". Below the password field is a link that says "Forgot your password?". At the bottom left of the form is a link that says "Don't have an account? Click here". At the bottom right is a pink button with the text "Login".

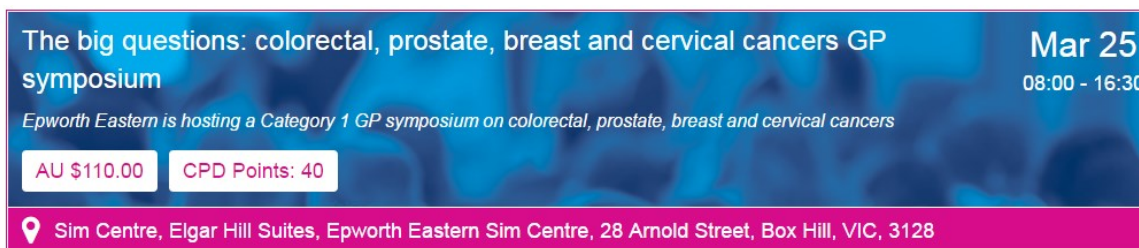

- Enter your username and password and click on Login
- **Note: your username is your email address**
- You will be brought to the screen below

- Once you have created your account, you can browse upcoming events directly in the eLearning system or alternatively you can go directly to our events page on our GP Update website <http://epworthgp.org.au/events/> and browse our upcoming events and select the desired event by clicking Register and log in to the eLearning system from there

Registering for an event

- Click on Education events and you can browse through the catalogue of upcoming events eg in screen shot below

- Select the event you are interested in attending and an overview will appear. Scroll down and select the session under 'When and Where'
